

## Welcome 2025 Vendors!

We are sorry for the delay, but we are now on track to get the Grow Newberry Market back up and running for the summer of 2025. The Newberry Downtown Development Association looks forward to building upon the past success of the Grow Newberry Farmers Market. In our mission **to provide an active, healthy gathering place for local vendors, producers, and patrons to buy, sell, and**

**learn.** If you are a returning vendor, we'd like to welcome you back and express our appreciation for all that you do to help make the market a successful and fun place to be. If you're joining us for the first time, we'd like to welcome you to our family of hard-working, friendly vendors. You can count on us to do everything we can to help you get established so that you can successfully market your products to our ever-growing base of loyal customers.

We want to be an example of sustainability, and we want to provide healthy food and quality crafts to our friends and neighbors. Additionally, we want to be a gathering place for the community to come together, visit, and have fun. We are excited about the coming season and look forward to working with each of you!

We look forward to being partners with the participants in the market and please be patient with us as we transition into the management of this event. Our goal is to make this an example of what a market for the community should be.

## II. General

1. The Market Manager reserves the right to cancel the Market, without notice, due to extreme weather or other hazardous situations. But we do have access to the old Market Basket, and we plan on proceeding with the market rain or shine.
  - Every effort will be made to notify vendors and community at large, through Facebook, the website, and WKDK AM1240/101.7 FM radio. A credit may be given for a future market day of the same season.
2. All vendors must sign the Agreement (Attachment 1) and submit it to the Market Manager, at least one week prior to the market date to guarantee a spot. Day-of application will only be accepted if time / availability allows.

3. Vendors are responsible for complying with applicable business and tax regulations and laws.
4. Vendors whose sales require special licenses or permits (such as eggs, meats, dairy, etc.) must provide a copy to the Market Manager at least one week prior to the market date.

12. **All produce must be produced within the state of South Carolina, and must be listed on the SC Department of Agriculture website as a crop currently in harvest in South Carolina.** Produce not listed on the SC Department of Agriculture page as currently in season must be removed from the table. #### IV. **Parking at Memorial Park**

To promote safety, fairness and a favorable Market experience for everyone, all vendors must comply with the Market rules regarding parking. Non-compliance could result in the vendor being disapproved from participating in the Market for the remainder of the season.

1. **Main Street:** In the spirit of courtesy, cooperation and common sense, parking on Main Street, alongside Memorial Park will be designated for customers. Vendors may park and unload their goods until 10 minutes before the market opens, at which time they must move their vehicles to other parking areas. The Market Manager can tell you where those areas are located.
2. **McKibben Street:** The section between Main Street and Boyce Street will be blocked off by barricades to accommodate demonstrations or vendors assigned to those spaces. Only the Market Manager and his/her designee(s) are allowed to move the barricades.

3. **Boyce Street:** Boyce Street from McKibben Street to Nance Street will be blocked off by a barricade to accommodate demonstrations or vendors assigned to those spaces. Only the Market Manager and his/her designee(s) are allowed to move the barricade.
4. **Nance Street:** As a matter of public safety, Nance Street will remain open. The bus-loading area alongside Memorial Park will serve as a courtesy area for customers to pick up their purchases and is unavailable for vendor parking.

#### V. **Market Layout**

The Grow Newberry Farmers & Artisans Market has a **layout plan with specified vendor spaces for the Saturday market**. A layout plan is a management tool that will help the Market Manager account for all the vendors; the plan will also help the Manager accommodate new vendors, in addition to conducting other activities. Importantly, a layout plan is also a safety measure, to promote accessibility for vendors and customers. Finally, a layout plan promotes fairness among the vendors, no matter what size the vendor's operation.
